

**The Food Education Fellowship**  
Application Short Answer Questions

Please keep responses limited to 250 words or less.

- Have you ever used food as a tool to teach in your classroom? If so, how have you used it? Are you interested in using food in your classroom? Why?
- Are you interested in professional development related to food education leadership? Why? What is important to you in terms of professional development?
- Tell us about your experience writing lesson plans. What should be included in an ideal lesson plan?
- How do you measure student success in your classroom? Tell us about your experience evaluating outcomes in your classroom.
- Please describe your experience with involving your students' families in the curriculum and instruction in your classroom at your current school.
- Please describe your involvement with other school and community partners/organizations in your school. How do you see Pilot Light connecting to those partners?
- Please describe your knowledge of your school's neighborhood. Are there a lot of food resources? (i.e. community gardens, grocery stores, farmers market, etc.) What food issues do your students face? (obesity, food deserts, food swamps, food insecurity, etc.)
